Software Skills

Experience

Visual Merchandising Intern

Homecentre by Landmark | On site
June 2026 - July 2026

Supported Visual Merchandising through furniture displays, planograms, store layouting, zoning, and seasonal setups, focusing on product visibility, customer flow, and commercial presentation.

Academic Projects

Interactive Luxury Exhibition & Spatial Design

Jan 2026 – May 2026
Designed an interactive luxury exhibition with dual Kinect Virtual Try-On stations to resolve trial friction, complete with VM zoning and technical specs.

Retail Wall Elevations

Jan 2025 – June 2025
Developed retail wall elevations with fixture planning and product placement.

Theme-Based Visual Displays

Jan 2025 – June 2025
Created theme-based visual displays with mood boards.

3D Virtual Retail Store

Jan 2025 – June 2025
Designed a 3D virtual retail store with layouting, fixture placement, zoning, spatial planning, and customer flow.

Core Expertise

Retail Planning & VM: Store layouts, zoning and spatial planning

Visual Display: Window displays, wall elevations and thematic displays

Spatial Design: 3D retail spaces, exhibition planning and customer flow
