Soft Skills

- Detail Oriented
- Adaptability
- Agile Problem Solving
- Design Thinking
- Collaboration

Education

- Pursuing **Bachelor of design** (Fashion Communication) at **NIFT Patna**, **2023-2027**

- **12th** - Guru Gobind Singh Public School Bokaro, **2020-22**

- **10th** - Sardonyx School, Jhajha, **2019-20**

Software Skills

Illustrator, Photoshop, InDesign, Figma, AutoCAD, 3Ds Max, V-Ray, Canva

Objective

As a student of Fashion Communication from NIFT, I aim to gain practical experience in visual merchandising and retail design, apply my skills, learn professional practices, and contribute to store display and retail projects.

Academic Projects

- Developed **detailed retail wall elevations** for categories like Ethnic, Western, Kids, Formal, Footwear, and Accessories. **Jan-June, 2025**
- Created **theme-based visual displays** using mood boards and material selection. **Jan-June, 2025**
- Designed a **3D virtual retail store** by applying store experience design principles including fixture placement, zoning, and customer flow planning. **Jan-June, 2025**

Strengths

- **Retail Planning & VM:** Developing store layouts and spatial zoning for retail spaces
- **Customer Experience:** Journey mapping, window displays, and wall elevations to enhance brand engagement.
- **Spatial Design:** Virtual store prototyping and translating UX insights into immersive retail and exhibition spaces.
- **Execution:** Concept-to-handover turnkey workflows with a focus on materials and finishes.
